3.0 GFA

3.1 By-law Definitions of GFA (per By-law Section 2)
"non-residential gross floor area" means:
the aggregate of the areas of each floor and the spaces occupied by walls and stairs, above or below grade, of a non-residential building or the non-residential portion of a mixed-use building, measured between the exterior faces of the exterior walls of the building or structure at the level of each floor, exclusive of the following areas:

- a room or enclosed area, including its enclosing walls, within the building or structure above or below grade, that is used exclusively for the accommodation of heating, cooling, ventilating, electrical, mechanical (other than escalators) or telecommunications equipment that services the building;
- loading facilities above or below grade required by this by-law;
- a part of the building or structure below grade that is used for the parking of motor vehicles or bicycles, storage or other accessory use;
- a part of the building or structure below grade that is used for the parking of motor vehicles or bicycles; and
- a part of the building or structure below grade that was erected and used for one or more non-residential use permitted by this by-law on the lot on January 31, 1976

"residential gross floor area" means:
...the aggregate of the areas of each floor and the space occupied by walls and stairs, above and below grade, of a residential building or the residential portion of a mixed-use building, measured between the exterior faces of the exterior walls of the building or structure, exclusive of the following areas:
A. a room or enclosed area, including its enclosing walls within the building or structure above or below grade that is used exclusively for the accommodation of heating, cooling, ventilating, electrical, mechanical (other than escalators) or telecommunications equipment that serves the building;
B. loading facilities required by this By-law or any other zoning by-law;
C. a part of the building or structure below grade that is used for the parking of motor vehicles or bicycles, residential amenity space or other accessory use, providing the floor level, excluding any access ramp, is at least 0.9m below grade;
D. above grade residential amenity space required by this By-law; and
E. above grade bicycle parking spaces required by this By-law
